

# Open Meadows Day

**Saturday 4 July**  
**10am-4pm**

**To celebrate National Meadows Day, this is a rare chance to see meadows in Shropshire in all their wonderful summer glory.**

More than 20 local Marches Meadow Group members will open their gates (most not normally open to the public). Sites include newly-established meadows to more mature sites and range from the size of a small lawn to several acres in extent.

Talk to meadow owners for hints and tips and learn more about the art of meadow-making and the unique beauty and importance of our native meadows.

Full day tickets are £5 (free to MMG members) and are available on Eventbrite [here](#) where there is also a map showing the open meadows. More information will be sent on booking.
